

T-SHIRT DESIGN CONTEST

Join the t-shirt design contest for Barcamp Saigon 2010 where we take the pulse on today's Vietnam and Saigon, where technology is constantly evolving: smartphones, developments in social networking, the rise in e-commerce, developing e-government, and recruiting and training skilled staff as a pathway to success. This year we will address technology as well as teaching and learning.

DESIGN GUIDANCE

The t-shirt should combine the topics technology and education, ideally showing how the two topics interact. All logos, banners, and other resources for Barcamp Saigon are available in the file section of the Google Group "barcamp-saigon-organizers". Request more information by contacting us via Twitter or the Google Group.

SUBMISSION GUIDELINES

Submit your design before **11.11.2010** to our Facebook group or the Google Group "barcampsaiгон-organizers".

Submitted design files must meet the following criterion:

- #1 Fully ready to print in pdf-format.
- #2 Specify area for sponsor logos.
- #3 The design must be your own work.

NOTE: Organizers may contact you to complete the T-shirt design.
